

KINGDOM FUNGI

PHYLUM BASIDIOMYCOTA

Amanita muscaria – fly amanita^
Amanita pantherina – panther amanita
Amanita silvicola – woodland amanita^
Armillaria ostoyae complex – honey mushroom^
Cantharellus cibarius– golden chanterelle^
Craterellus tubaeformis– yellow foot (winter) chanterelle
Chroogomphus rutilus - ^
Clavaria purpurea - ^
Clavariadelphus sp. – strap coral^
Clitocybe sp. - ^
Crepidotus sp. - ^
Cyathus striatus – bird’s nest fungi^
Dacrymyces chrysospermus– witch’s butter^
Dentinum umbilicatum – belly-button hedgehog^
Fomitopsis officinalis – agarikon
Fomitopsis pinicola – western red-belted polypore^
Galerina autumnalis– deadly galerina^
Ganoderma brownii– artist’s conk^
Ganoderma oregonense - Oregon varnished conk
Geastrum saccatum – earthstar^
Gomphidius glutinosus – slimy spikecap^
Gomphidius subroseus - ^
Gyromyces picreus (bellulus?) - ^
Hydnellum fuscoindicum – violet hedgehog^
Hydnum inbricatum - ^
Hydnum repandum – hedgehog mushroom
Hygrocybe miniata (complex) – vermilion waxtop^
Hygrophoropsis aurantiaca – false chantarelle^
Hygrophorus sp. - ^
Hypholoma fasciculare – sulphur tuft^
Laccaria amethysteo-occidentalis – western amethyst Laccaria^
Laccaria bicolor - ^
Lactaria deliciosus – delicious milkcap^
Lepiota magnispora – shaggy stalked parasol^
Leptonia (Entoloma) serrulatum - ^
Leucoagaricus rubrotinctoides - ^
Lycoperdon perlatum – common puffball^
Phlebia tremellosa - crust fungus^
Mycena (Atheniella) aurantiidisca - ^
Mycena haematopus – bleeding fairy helmet^

Mycena pura - ^
Mycena stipata - ^
Phaeolus schweinitzii – dyer’s polypore^
Pholiota squarrosa-adiposa – scaly Pholiota^
Pleurocybella porrigens – angel wings^
Pleurotus ostreatus – oyster mushroom^
Pluteus cervinus – deer mushroom^
Pseudohydnum gelatinosum – jelly fungus^
Ramaria spp. – coral fungi^
Russula brevipes - ^
Russula nigricans (complex) - ^
Russula olivacea - ^
Russula rosacea – rosy russula
Russula sp. - ^
Russula xerampelina – shrimp russula^
Sparassis crispa/radicata – cauliflower mushroom
Stereum sp. - false turkey tail^
Strobilurus trullisatus – fir cone mushroom^
Stropharia ambigua – questionable Stropharia^
Suillus lakei – Lake’s Suillus^
Suillus caeruleus - ^
Thelephora terrestris – common fiber vase
Trametes elegans - ^
Trametes versicolor – turkey-tail^
Tricaptum sp. - ^
Tricholoma magnivelere – matsutake/pine mushroom
Xeromphalina campanella - ^

Lichenomphalia umbellifera – heath navel lichen

^ MYCOblitz 2020

PHYLUM ASCOMYCOTA

Aleuria aurantia – orange peel fungus^
Helvella lacunosa/vespertina – fluted black elfin saddle^
Hypomyces lactiflorum – lobster mushroom^
Peziza sp. – undetermined cup fungus
Trichoglossum hirsutum – black earth tongue
Xylaria hypoxylon – candlesnuff fungus^

Alectoria sarmentosa – common witch’s hair
Bryoria inactiva – a horsehair lichen
Bryoria pikei – a horsehair lichen
Cladonia chlorophaea – false pixie cup lichen
Cladonia crispata – a club lichen

Cladonia imbricaria – a club lichen
Cladonia portentosa – coastal reindeer lichen
Cladonia rangiferina – grey reindeer lichen
Cladonia squamosa – dragon pixie lichen
Cladonia uncialis – a club lichen
Diploschistes muscorum - guano lichen
Hypogymnia enteromorpha – inflatable bone lichen
Hypogymnia imshaugii – forking bone lichen
Hypogymnia inactive – wish bone lichen
Hypogymnia physodes – monk's hood bone lichen
Lepraria pacifica – a dust lichen
Lepraria torii – a dust lichen
Lobaria oregana – lettuce lung
Lobaria pulmonaria - lungwort
Loxosporopsis corallifera – a shrub lichen
Ochrolechia laevigata – a crust lichen
Ochrolechia oregonensis – a crust lichen
Peltigera brittanica – freckle pelt lichen
Peltigera neopolydactyla s.lat. – frog pelt lichen
Pertusaria subambigans – frosted wort lichen
Platismatia glauca – ragbag lichen
Platismatia herrei – tattered rag lichen
Platismatia norvegica – laundered rag lichen
Sphaerophorus tuckermanii - Tuckerman's coral lichen
Stereocaulon intermedium – Pacific foam lichen
Usnea dasypoga – fish net beard lichen
Usnea subfloridana – boreal beard lichen

KINGDOM PROTOZOA

PHYLUM MYCETOZOA

CLASS MYXOMYCETUS

Fuligo septica – dog vomit slime mold
Lindbladia tabularia – black pearl slime mold
Lycogala epidendrum – wolf's milk slime mold
Physarum polycephalum – unnamed slime mold
